

Country-Specific Info 2018

Netherlands

Total number of higher education institutions (universities) included in U-Multirank

53

A. University coverage

U-Multirank's 2018 edition presents data on 53 Dutch higher education institutions.

New this year: U-Multirank has created a new 'Study in...' section highlighting study destinations for students. To explore 'Study in The Netherlands', follow this [link](#).

For the full list of all universities from The Netherlands included in U-Multirank, please follow this [link](#).

*Please note the list is sorted in alphabetical order by countries and then university names.

B. The Netherlands' higher education performance in U-Multirank

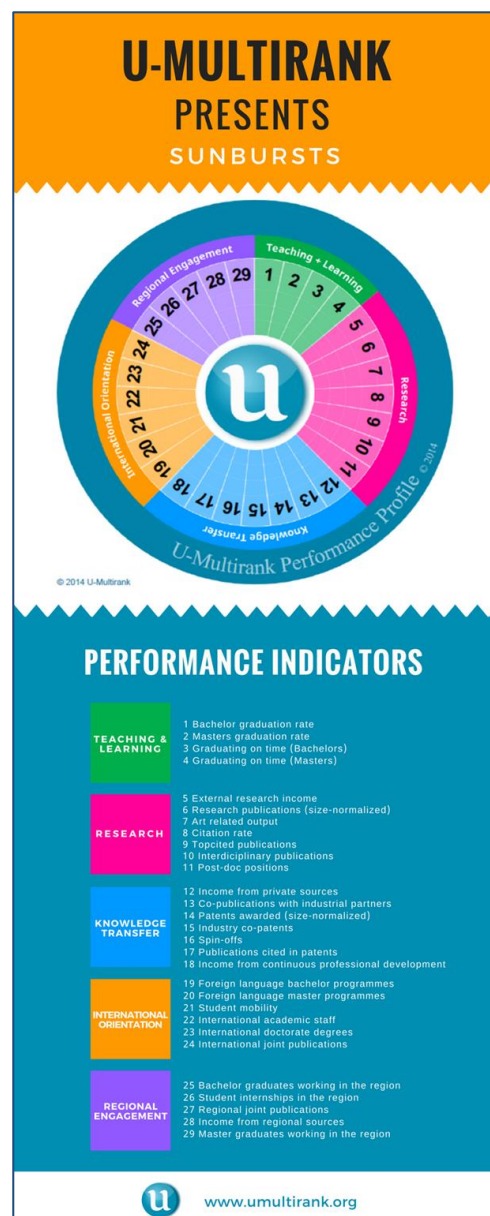

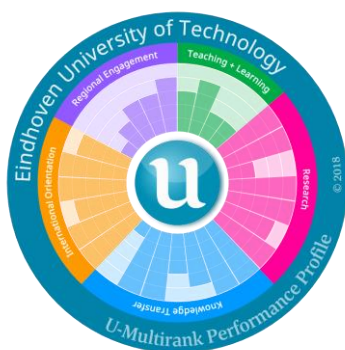

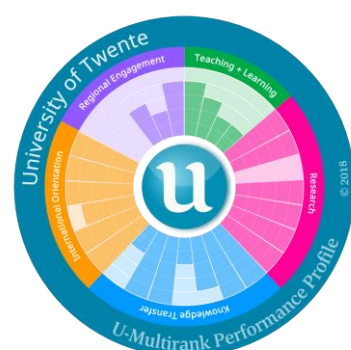

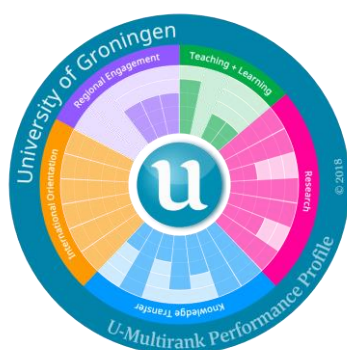

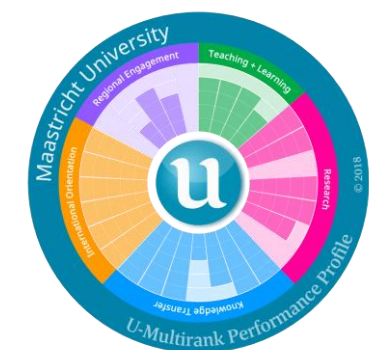

1. In its 2018 edition U-Multirank presents data on 53 Dutch higher education institutions.
2. In a globally comparative perspective, Dutch higher education institutions show a strong performance in the dimensions Teaching and Learning as well as in International Orientation.
3. The Netherlands is the only country in which all universities reached at least 10 top group positions each.
4. The highest number of top scores in the Netherlands are achieved by Maastricht University, the University of Groningen, the University of Twente (16 each) and Eindhoven University of Technology (15).
5. Five Dutch institutions are among the global top 25 universities performing in U-Multirank's 2018 edition in one or more of the top lists: Hogeschool Leiden, Eindhoven University of Technology, Katholieke Pabo Zwolle, Marnix Academie and Hanze University of Applied Sciences.

C. Universities with the highest number of overall top scores

In this section we highlight the five universities receiving the highest number of 'A' (very good) scores on the institutional level for the respective country (*in the event of ties, more universities will be shown*). **Using our unique sunburst chart, a clear picture is shown of the university's overall performance (the longer the bar, the higher the score).** Although the number of 'A' scores shows top performance for the respective university, it does not imply one university is the 'best' in the country, as each university profile highlights different strengths. A key guard is provided for the sunburst chart. For a list of definitions and calculations of indicators, see our [Indicator Book](#).

Dutch universities with the highest number of overall top scores in 2018	Total 'A' scores 2018	Total 'A' scores 2017
Maastricht University	16 ↑	15
University of Groningen	16 ↑	14
University of Twente	16 ↑	13
Eindhoven University of Technology	15	15
Erasmus University Rotterdam	14	14

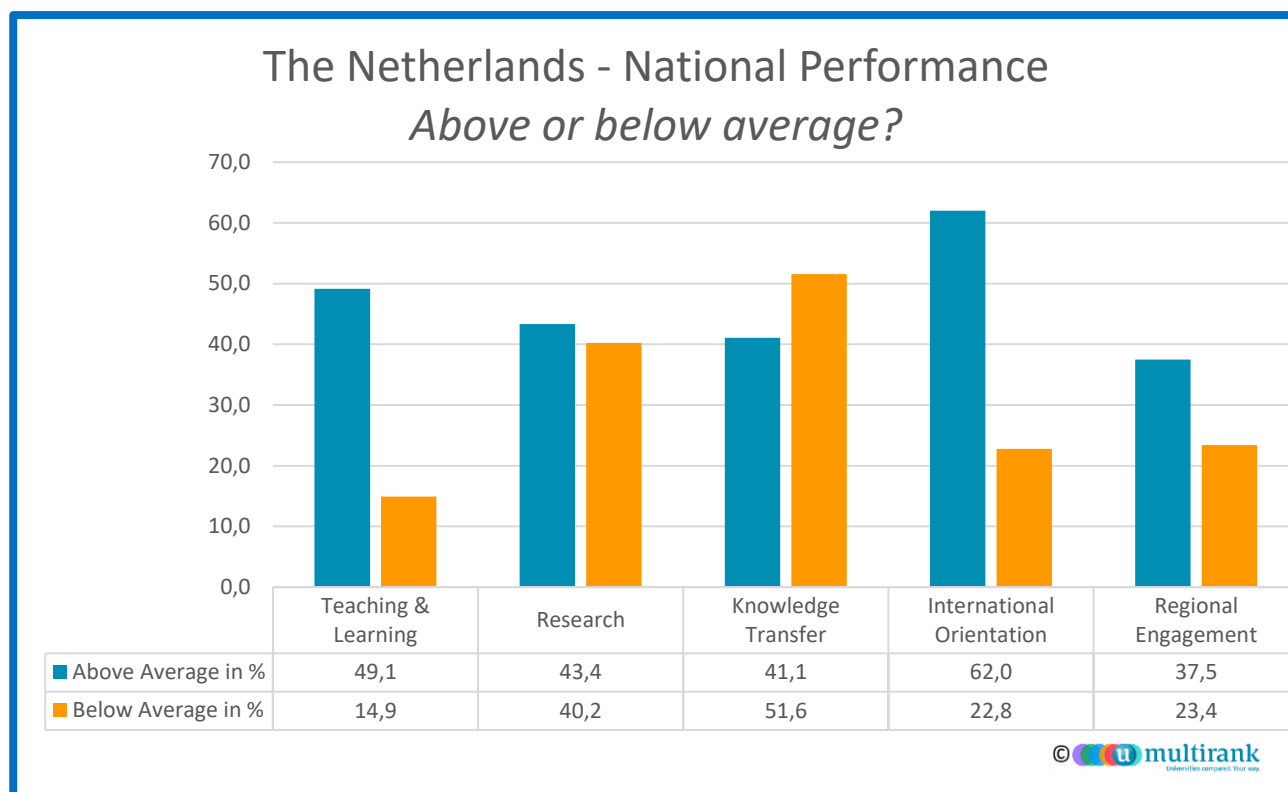

6

D. National performance: above or below average?

In this section we highlight the overall performance of Dutch universities on the institutional level per U-Multirank dimension. The below table shows the national breakdown of Dutch universities and how they stand across the spectrum of above average (receiving a score of 'A' (very good) or 'B' (good)), or below average (receiving a score of 'D' (below average) or 'E' (weak)). In doing so, U-Multirank offers a clear picture on the countries strengths, and areas for improvement.

Dutch higher education institutions perform strongest in U-Multirank's International Orientation and Teaching & Learning dimensions.

E. Global top 25 performers lists

In this section, U-Multirank presents the global Top 25 performers in a set of 9 indicators measuring different dimensions of performance. These lists highlight the 25 top-performing universities from around the world with the highest scores.

Dutch universities that have achieved a global Top 25 score are listed under the respective categories:

Dimension Research

1. Research publications (absolute numbers)
2. Top-cited publications
3. Interdisciplinary publications
 - *Hogeschool Leiden*

Dimension Knowledge Transfer

4. Co-publications with industrial partners

Eindhoven University of Technology

5. Patents awarded (size-normalised)
6. Income from continuous professional development
 - *Katholieke Pabo Zwolle*
 - *Marnix Academie*

Dimension International Orientation

7. Student mobility
8. International joint publications

Dimension Regional Engagement

9. Regional joint publications
 - *Hanze University of Applied Sciences*

For the full lists, follow this [link](#).

F. Appendix

Detailed results:

If you want to analyse further the performance of the universities in your country you can click the following links. The below links lead directly to the national results pages where we pre-filtered the universities in your country into one list (for the university as a whole and for the subject areas included in U-Multirank so far). You can use the table to produce national rankings (see image below), or for personalised interactive analyses with the data. If you're interested in tailor-made tables (institutional level, subject level, or with a specific focus in mind, such as internationalisation), please contact us, at info@umultirank.org. These links are also accessible via your country's 'Study in' page.

Note: The links will be accessible, starting the day of the release at 10:30 CET.
